Subject: Licensed Varieties

Dear Dr. Vidalakis:

California Citrus Nursery Society holds licenses for the following citrus varieties:

<u>VI Number</u>	<u>Variety Name</u>
527	Autumn Gold Navel Orange
529	Summer Gold Navel Orange
616	Wiffen Summer Navel Orange
631	Arrufatina Clementine Mandarin
628	Hernandina Clementine Mandarin
781	Iwasaki AVASA PRI#10 Satsuma Mandarin
780	Nichinan Ichi Go AVASA PRI#19 Satsuma Mandarin

By this letter, California Citrus Nursery Society authorizes the Citrus Clonal Protection Program to maintain and register budwood source trees for these varieties in its facilities and to distribute budwood from these registered trees to sub-licensed citrus nurseries. California Citrus Nursery Society will provide the Citrus Clonal Protection Program with an up-to-date list of sub-licensed citrus nurseries each time a change is made to the list. I have enclosed a list current, as of the date of this letter.

For a citrus nursery wanting to order budwood of one or more of these varieties, but not holding a sub-license, please refer that nursery to California Citrus Nursery Society at [tdelfino@earthlink.net](mailto:tdelfino@earthlink.net) or 925-323-0860.

Thank you

Sincerely  
CALIFORNIA CITRUS NURSERY SOCIETY
